

# Clifton Cameras Product Specification

## Samson Technology Go Mic Mobile Handheld Wireless System

### Specifications

#### Go Mic Mobile® Wireless System

Working Range:	100' (30m) line-of-sight
Working Frequency:	2.406~2.478GHz
Frequency Response:	10Hz~22kHz
Operating Temperature:	-10~+50°C
Signal To Noise:	90dB (A) mic at minimum gain, 78dB (A) mic at maximum gain

#### GMM Receiver

Max. Analog Audio Output Level:	+6 dBu, =4.4 Vpp, =70 mW per side into 32Ω
USB Audio Sample Rate:	48kHz
USB Audio Support:	Windows, Mac OS, iOS, Android, Linux
Battery Life:	7–13 hours depending on use
Power:	Internal rechargeable lithium-ion battery
Operating Voltage:	5V DC 500mA

#### HXD2 Handheld Transmitter

Microphone Type:	Dynamic, unidirectional
Microphone Capsule:	Samson Q8
RF Power:	<10 mW EIRP
Power Requirements:	Two AA (LR6) alkaline batteries
Battery Life:	20 hours
