

Clifton Cameras Product Specification

Peak Design Mobile Car Mount VHB Charging

Specifications

Dimensions

Head: 5.8cm x 5.8cm x 1.2cm (2.3" x 2.3" x 0.5")

Total Height (from dashboard): 4.5cm (varies depending on ballhead position)

Base Pad: 3cm x 5cm (1.9" x 2.0")

Weight

95.4g (3.4oz)

Including charging hardware: 133.5g (4.7oz)

Materials

Machined/anodized aluminum mounting head & stem

Grippy silicone mounting pad with Tinuvin 770 UV-stabilizer

High-temp neodymium mounting magnets

Adhesive Removal

Can be safely removed without damaging surfaces or leaving residue in most instances

Hold dental floss between adhesive pad and dash, and pull floss in a sawing motion to break the adhesive bond

If there is remaining residue, roll it off with your finger or remove with blue painter's tape

Includes a 2nd adhesive pad for remounting/repositioning
